

OUR AI DRIVEN APPROACH TO SPOKEN ENGLISH FLUENCY

bACeline Testing

The first chapter includes a diagnostic test to assess initial proficiency, identify learning gaps, and personalize the learning journey.

What It Does:

- Analyses strengths and areas for improvement in LSRW skills and your CEFR level for each skill.
- Provides actionable insights for teachers to design targeted interventions.

Provides Instant Class Performance Updates

- Instant insights into class progress, helping you identify areas for focus.
- Enables quick, data-driven adjustments for personalized instruction.

Promotes Skill Development

- NEP 2020 aligned content and questions
- Helping you teach beyond the basics with HOTS
- Incorporates critical thinking and problem-solving exercises directly.
- Encourages curiosity and adaptability for real-world readiness.

From Page to LAB—Learning Has No Boundaries

The book seamlessly integrates with the LSRW Lab to enhance the learning experience focusing on LSRW skills with features like:

- Pronunciation Checker: Helps learners refine their accent and reduce MTI.
- Role-Play Simulators: Practice real-world conversations with app-based feedback.
- Writing Support: AI-driven grammar and clarity suggestions for writing tasks.

Redefining English as a Life Skill, Not Just a Subject

Our LSRW philosophy puts Listening, Speaking, Reading, and Writing at the center of your learning journey. No rote learning, no boring grammar drills—just practical skills for real-world success.

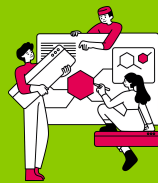

Teacher Impact

Comprehensive Resource: Our book provides a comprehensive and structured approach to teaching English grammar and communicative language skills.

Time-Saving: Our book includes a range of practical exercises and activities that can be easily integrated into lesson plans, saving teachers time and effort.

Supports Differentiated Instruction: Our book provides teachers with the flexibility to tailor their instruction to meet the diverse needs of their students.

Enhances Teacher Confidence: Our book provides teachers with a clear and structured approach to teaching English grammar and communicative language.

Student Impact

Spoken English Fluency: Builds confidence and clarity in speaking through role-plays, pronunciation drills, and realworld scenarios.

Practical Application: Real-world tasks like role-plays and writing exercises prepare students for everyday communication.

CEFR-Aligned Progression: Ensures students advance systematically to age-appropriate global language standards.

Personalised Learning: Tailored exercises and app feedback help address individual strengths and weaknesses.

Confidence Boosting: Engaging activities reduce hesitation and build fluency in real-life scenarios.

More than a textbook—it's a classroom assistant, helping Teachers teach with ease, engage students deeply, and make every lesson count, without adding to your workload.

Congrats!

By adding this AI-enabled Textbook to your classrooms, you are joining the ranks of visionaries around the world who are transforming education for the future!
